Sir,

Subject - Byelaws for the grading of eggs in the City

I have the honour to state that egg grading operations introduced in the Devaraja Market a few months back, were found to be very advantageous to the purchaser as well as to the consumer in as much as a great deal of time is saved for both The seller need not waste his time in convincing the buyer about the quality of the eggs and the consumer is now assured of a better quality stuff at any time Therefore, the question of introducing the grading of eggs compulsorily in the City was suggested by the Marketing Officer and the Council before whom the same came up for consideration at their meeting in March 1946 approved of the proposal in this behalf, placed before them by the Vice-President The latter, who was requested to take necessary action to implement the proposal placed before the Council, the draft byelaws framed by the Municipal Advocate, as detailed in the Notification copy enclose This was duly approved by the Council and objections were called for by the public Excepting egg dealers in the market, who have complained that they would be put to loss by the introducti of the compulsory grading, no others have preferred objections within the time mentioned in the Notification The objection is however from the wrong party A suggestion has been made by the Chief Marketing Officer to make the rules applicable to the entire City and also for empowering the Marketing Establishment

Officers to check the operations.

In enclosing copies of the originally notified byelaws and also draft byelaws with the amendments suggested by the Marketing Officer for favour of ready reference, I request you kindly to obtain orders of Government approving the byelaws

I have the honour to be,

Sir,
